A photograph of three children playing on a blue playground structure on a grassy field. A boy in an orange shirt and sunglasses is on the left, a girl in a white shirt is in the middle, and a girl in a butterfly-patterned dress is in the foreground. They are all smiling and holding onto the blue bars. In the background, other children are visible, and the grass is green and well-maintained.

CHILDHOOD is about HAVING FUN

It's about exploring the world, challenging growing muscles, and using imagination in new ways. It's proven that children need unstructured play to grow and develop into happy, healthy, and well-adjusted people. That's why at SRP, we help children grow by personalizing play. Are you ready? Let's go play!

Reimagine *how children play*

In addition to our traditional **steel playgrounds**, our highly sought after **recycled and themed playgrounds** are surely something to talk about. Our designers can make your vision **come to life** — whether you’re looking for a steel structure that will last for years to come, a simple recycled structure to withstand the salt air, or an elaborate space themed playground!

STEEL PLAY

Our two steel play lines — Adventure and Expedition — offer a more traditional playground with a conservative price.

RECYCLED PLAY

Our recycled playgrounds are approximately **95% recycled** from items like milk jugs and bags.

THEMED PLAY

If you **dream it**, we'll build it. We've designed everything from dueling pirate ships and a sand castle to a tree house and marsh! These structures can be designed for indoor or outdoor use.

ADVENTURE SERIES

Budget-friendly with a full dose of excitement. This series offers design flexibility to meet small space requirements, features integral shade options, and uses no clamps or collars.

POST DIAMETER	DECK SIZE	DECK HEIGHT	AGES
3.5"	36"/46.5"	Up to 8'	6 mo.-12 yrs.

EXPEDITION SERIES

With its sturdy design and C-line connection, the 5" post and deck system is easy to install, offers the most design flexibility, and is ideal for inclusive play designs.

POST DIAMETER	DECK SIZE	DECK HEIGHT	AGES
5"	48"	Up to 8'	2-12 yrs.

RECYCLED SERIES

Our recycled playgrounds are an ideal option for natural play or coastal environments. The decks, posts, and barriers utilize 100% recycled content.

POST SIZE	DECK SIZE	DECK HEIGHT	AGES
6"	42"	Up to 8'	6 mo.-12 yrs.

THEMED SERIES

There's no limit when designing a themed playground. Our talented team of skilled professionals can bring your ideas to life utilizing our Expedition or Recycled Series as the base.

POST SIZE	DECK SIZE	DECK HEIGHT	AGES
5" & 6"	42" & 48"	Up to 8'	6 mo.-12 yrs.

We Use Quality playground materials

At Superior, we only use **quality playground materials**. Our playgrounds are proudly **made in the USA** and are built to last. Whether you are purchasing a climber or a full structure, we guarantee fun for years to come.

1

Our rotationally-molded plastics have anti-static inhibitors.

Our rotationally-molded plastics, such as those used for slides and tubes, are made of $\frac{3}{8}$ " thick low density polyethylene (LDPE). They are UV stabilized for reduced fading and also contain anti-static inhibitors.

2

Our textured HDPE panels are strong and UV stabilized.

Our $\frac{3}{4}$ " thick textured high density polyethylene is used for products such as our activity panels. With UV stabilization, we ensure your carefully selected color will remain bright and colorful for years to come. These panels are stain and graffiti resistant and will not splinter or crack.

3

Our Superdurable powder coat leaves your structure protected.

Our steel components are primed at the welded areas and coated with 3-5 mils of Superdurable powder coat to protect your playground from fading and rust. Additional extra-protection coating options for regions, such as coastal, are available.

4

Our modular shades block harmful UV rays.

Our shade fabric blocks 91%-99% of harmful UV rays, depending upon the color you've chosen. Our fabric is also flame retardant, with some of our color choices being California Fire Marshal certified.

5

Our steel decks and stairs are among the thickest in the industry.

Our steel decks are formed from 12-gauge hot-rolled steel body — among the thickest in the industry — and are coated with UV stabilized PVC for a softer play surface. They're also sprayed with a PVC textured coating that increases foot traction, are perforated for drainage, and are lead-free.

6

We offer stainless steel hardware, so you won't worry about rust.

99% percent of the hardware we use is stainless steel, with less than 1% being corrosion-resistant coated steel. Our hardware is packaged individually and labeled, allowing for more efficient installation.

P.S. Our post caps aren't just pretty.

From easy in-field installation to a unique two-color look, our aluminum alloy post caps offer many great benefits. Our super-tough post cap design allows for less water access, making our posts more durable in the field. Once installed the post caps can't be removed, stopping unwanted vandalism.

Our playground products meet or exceed the standards set forth by these organizations:
U.S. Access Board, IPEMA™, CPSC, ASTM

• WE SUPPORT •

Inclusive Play

The benefits of bringing your community together with an **inclusive playground** are immeasurable.

Inclusive play environments provide unique opportunities for individuals of all ages and abilities to engage in their right to play. Outdoor play environments that break down both physical barriers to access and social barriers to participate can unite communities in meaningful ways!

.....

POINTS TO CONSIDER

Access Points

Provide multiple opportunities for individuals to independently access play and engage in intuitive play patterns

Integration

Include play events that children of all abilities can access throughout the play environment in order to encourage inclusion among all children

Variety

Offer a balance of play activities that support the physical, social-emotional, sensory, cognitive, and communicative needs of all children

• BUILDING YOUR • Environment

Our mission is to help you play, relax, and live. We help communities create complete outdoor recreational environments that cultivate community, enrich lives, and allow people to focus on what matters most to them. Utilize all of our product lines in your next recreational space.

Structures Step Climbers, Play Center, and Gazebo

Toddlers change so fast. While some may be ready to climb, others are not. Along with our 6-23 month structures, we provide these additional smaller toddler activities to meet a variety of developmental stages.

Mushroom Tunnel \$3,607
The Mushroom Tunnel provides pre-toddlers and toddlers with a safe structure to climb on and crawl under. It is designed to promote gross motor skills, balance skills, and social play.
Model: 49212FT
Size: 4 ½" x 2 ½" x 2'
Ages: 6-23 Months, 2-5 Years

Toddler Step Deck \$2,918
The Toddler Step Deck allows pre-toddlers and toddlers to practice crawling and climbing.
Model: 49211FT
Size: 6' x 2 ½' x 3'
Ages: 6-23 Months, 2-5 Years

Step Activity Center \$3,766
Pre-toddlers and toddlers can climb the Step Activity Center to access fun activities like our Sound Cylinder, Bead Panel, Shape Spinners, and Mirror Panel.
Model: 49216
Size: 6' x 2 ½' x 3'
Ages: 6-23 Months, 2-5 Years

Infant Play Center \$14,330
Infants and toddlers will love freely exploring our Infant Play Center. This play center is equipped with various play panels that allow children to explore textures, shapes, movement, and sound. Our cruising rails give infants who are learning to walk added support as they cruise alongside the center and experience the different play panels. It is recommend that this unit be installed on unitary surfacing such as non-infill turf, Poured-in-Place, or rubber tiles.
Model: SS127-IT
Size: 12' x 8'
Use Zone: 26' x 20'
Ages: 6-23 Months

Infant Gazebo \$9,301
Caregivers will appreciate the safety our Infant Gazebo provides for children ages 6-23 months. This contained space features our bubble, bead, mirror, shape spinner, and sound cylinder panels. Additionally, it includes our slide-in gate giving the option of allowing the children to explore outside the gazebo.

• DESIGNING YOUR SWING •

Checklist

A childhood favorite, swings encourage language and peer teaching experiences. Swing seats should be matched to age group and sets should be placed to the rear or edge of the play area for safety.

Select Frame Style

With shade? Without shade? The options are pretty vast.

Select Bay Count

Catering to two, ten, twenty? Each bay accommodates one or two users, depending on the swing type.

Choose Seat Style

Choose your seat style based on users' ages and developmental needs. A good thing to note is that all of our swing seats include proper hardware.

Select Colors

Now comes the fun part! Choose colors that complement your play environment.

Single Post Swing Frame

Arch Swing Frame

Step One & Two Select Frame Style & Bay Count

We Make It Easy to Buy and Bid

Superior makes it easy to buy and bid by having a nation-wide team of SRP Certified Partners and by having contracts with the following organizations.

STATE-SPECIFIC OPPORTUNITIES

The NASPO ValuePoint Cooperative Purchasing Organization is available to all public agencies, institutes of higher education, political subdivisions, and, in some cases, non-profit organizations in states who have obtained a NASPO ValuePoint Participating Addendum. Currently, we have partnered with the following states under NASPO ValuePoint Master Agreement No.: 6482.

- Montana
- North Dakota
- Oregon
- South Carolina
- Kansas
- New Mexico
- South Dakota
- Utah
- Washington
- Virginia
- New York

FOR GOVERNMENT ENTITIES

BuyBoard is an online purchasing cooperative that gives its members best pricing on products, equipment, and services that they use everyday. Members save time and resources because the competitive procurement process has already been completed. BuyBoard's nationwide members include those in public schools, municipalities, county government, and all types of local government agencies and non-profits.

HGACBuy is a cooperative purchasing network available to local governments, state agencies, and certain non-profit corporations nationwide. All products offered by HGACBuy have been awarded through a public competitive process. To become a member of HGACBuy and to view products like ours, visit hgacbuy.org.

FOR BUSINESSES

Marlin Equipment Finance is a direct lender providing financing to small and mid-size businesses so they can acquire new equipment and technology while preserving capital. Their customers include equipment dealers, manufacturers, distributors, and small business establishments.

FOR EVERYONE

You can find an SRP Certified Partner in almost every state! Our Certified Partners have extensive knowledge and training in all Superior products. Find your closest representative by visiting srplayground.com and clicking "Contact a Rep."

We Meet or Exceed Industry Standards

In our effort to provide quality and safe play products for children, our products meet or exceed the standards set forth by the below organizations. Additionally, we follow our own strict in-house standards and guidelines.

INDUSTRY STANDARDS

International Play Equipment Manufacturers Association™

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA™) provides a third-party certification service whereby a designated independent laboratory, TÜV SÜD America Inc., (TÜV), validates an equipment manufacturer's certification of conformance to the standards below.

- ASTM F1487-11, excluding sections 7.1.1, 10 and 12.6.1: Standard Consumer Safety Performance Specification for Playground Equipment for Public Use
- CAN/CSA-Z614-14, excluding clauses 9.8, 10, and 11: Children's Playspaces and Equipment

A list of current validated products may be viewed on their website at www.ipema.org. SRP is a member of this organization.

American Society for Testing and Materials

The American Society for Testing and Materials (ASTM) is an independent and world renowned developer of technical standards utilized in testing a multitude of products. ASTM developed F1487 Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use. The current standard is F1487-11, published in 2011.

U.S. Consumer Product Safety Commission

The U.S. Consumer Product Safety Commission (CPSC) presents safety guidelines through the publication of their Public Playground Safety Handbook. This handbook promotes greater safety awareness among those who purchase, install, and maintain public playground equipment. The handbook can be viewed on the CPSC's website, cpsc.gov.

United States Access Board

The U.S. Access Board is a federal agency that promotes equality for people with disabilities. They've developed guidelines and standards for built environments, such as playgrounds.

INDUSTRY CERTIFICATIONS

ISO 9001 and ISO 14001

ISO industry certification processes are issued by International Organization for Standardization. ISO 9001 is used to measure manufacturing standards and to certify company compliance with quality management systems covering design, development, production, installation, inspection, and testing. ISO 4001, also known as the “Green Certification,” specifies the requirements of an organization having an environmental management system (EMS). SRP's steel playground line is manufactured in an ISO 9001 and ISO 14001 certified facility.

PCI 4000

Certification by the Powder Coating Institute recognizes competency and processes in place to consistently produce high-quality powder coated products. PCI certification is the result of an extensive and rigorous audit process and SRP's steel playground manufacturing facility has this certification.

OUR IN-HOUSE STANDARDS

At Superior, we only use quality playground materials. Our playgrounds are proudly made in the USA and are built to last.

To ensure the safest play for your children, we offer:

- Quality control inspection on all parts and shipments
- All products must pass inspection in our IPEMA Certified In-House Testing Facility
- In-house production of most products
- All products meet or exceed CPSC, ASTM and ADA Safety Guidelines
- On-staff CPSI certified employees
- Local field factory trained installation technicians
- Direct connect component attachment system
- Products constructed from Allied's heavy-wall galvanized steel tubing, which is protected by Allied's patented Flo-Coat® process that uses triple-coat corrosion protection (zinc, conversion coating, and clear organic topcoat) to provide a smooth, shiny product appearance that is unmatched in terms of strength and durability

Warranty

Our warranty guarantees years of unlimited fun. To view a digital version of our warranty, please visit our website at srpplayground.com/warranty.

Superior Recreational Products (SRP) warrants that its product will be free from defects in materials and workmanship as well as maintain structural integrity for the periods listed below from the date of invoice and once SRP has been paid in full. This warranty is in effect only if the product has been assembled and installed strictly in accordance with the setup instructions provided by SRP, good construction practices, and has been subjected only to normal use and exposure.

- | | |
|--|---|
| • Lifetime* Warranty on playground steel and recycled posts, all stainless steel hardware, c-line fittings, and aluminum post caps | • 10-Year Limited Warranty on shade fabric |
| • 15-Year Limited Warranty on playground pipes, rungs, loops and rails, roto-molded plastics, HDPE plastic sheets, punched steel decks, and recycled decks | • 5-Year limited Warranty on site amenities, cables, and nets |
| | • 1-Year Limited warranty on moving parts and materials not covered above |

The Limited Warranty excludes abnormal conditions, contingent liability, cosmetic defects such as scratches, dents, marring, stripping, peeling, or fading; damage due to incorrect installation, vandalism, misuse, accident wear and tear from normal use; exposure to extreme weather, immersion in salt or chlorine water, damage due to sand, salt spray, or other abrasive and corrosive material; unauthorized repair or modification, abnormal use, or lack of maintenance. The warranty does not cover damages due to “acts of God” such as hail, flooding, lightning, tornadoes, sand storms, shifts of terrain, earthquakes, mudslides, and windstorms.

If product has shade fabric and installed in an area exposed to hurricanes, removal of the shade fabric is required when a hurricane warning is issued. In the unlikely event of failure, SRP reserves the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future reoccurrence(s). SRP has the option to repair or replace any defect in materials. The warranty is void if any changes, modifications, additions, or attachments are made to the product without the written consent of the manufacturer.

SRP excludes any implied warranty of merchantability, fitness, or purpose, and there are no warranties which extend beyond the description of the face hereof. Under no circumstances will SRP be responsible for any indirect, special, consequential, incidental, or liquidated damages due to breach of warranty and such damages are specifically excluded from the warranty. The owner shall notify SRP with original Sales Order Number issued from SRP to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This Limited Warranty shall be null and void if the owner makes any alterations in design. This warranty is the only express warranty given by the company. No person has authority to change or add to these obligations and liabilities. The company reserves the right to determine whether the fault is caused by faulty workmanship, material, or the part that is defective.

Powder Coat: Superior Recreational Products offers a 5-year Limited Warranty for powder coating to the original purchaser. This Limited Warranty is for factory applied finish only. Damage occurring from shipping, erection, vandalism, accidents, or field modification is not covered in this limited warranty and will require field touch-up immediately and periodically thereafter. The owner must report any defect in powder coat at the time the installation is completed. Not covered by this Limited Warranty are acute angles, welds, and end plates.

- The Limited Warranty for powder coating provides the following after a 5-year exposure period when applied according to the recommendations listed on the product's technical data sheet and appropriate surface preparation has been utilized.
- The coatings shall retain their original color with a ΔE of <7.5 units for high chroma colors, (Yellows, Reds, Oranges, ETC.) and a ΔE of<5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.
- The coating shall retain a minimum of 50% of its original gloss level after washing, when tested in accordance with ASTM D 523.
- The coating shall exhibit chalking no worse than numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

Stainless Steel Series Powered by Playdale Playgrounds: Playdale Playgrounds warrants its products to the original customer to be free from structural failure due to defect in materials or workmanship during normal use and installation in accordance with the published specifications. The warranty shall commence on the date of the invoice and terminate at the end of the period on the full warranty statement. The warranty is valid only if the products are installed properly and in conformance of the specifications, installation guides, Playdale Playgrounds design layout, and properly maintained in accordance with the maintenance schedule provided within the installation instructions. Playdale Playgrounds reserves the right to accept or reject any claim in whole or in part. Playdale Playgrounds will not accept the return of any product without prior approval by Playdale management.

Pricing, Cancellation, Return, and Shipping Policy: All prices are F.O.B. factory and do not include freight, installation, shipping and handling, surfacing, material surcharges, or applicable taxes. All prices listed were current at the time of publication and are in U.S. currency. Prices are subject to change without notice. To view our return policy, please visit superiorrecreationalproducts.com/returns. To view our shipping policy, please visit superiorrecreationalproducts.com/shipping. For information on Return Material Authorizations or any additional information, please call 1.800.327.8774.

**For the purpose of this warranty, lifetime encompasses no specific term of years, but rather that seller warrants to its original customer for as long as the original customer owns the product and uses the product for its intended purpose that the product and all parts will be free from defects in materials and manufacturing workmanship. This warranty does not cover damage caused by vandalism, misuse or abuse, altered or modified parts, or cosmetic damage such as scratches, dents, or fading or weathering and normal wear and tear. This warranty is valid only if the structures are installed in conformity with instructions provided by Superior Recreational Products using approved Superior Recreational Products parts. Superior Recreational Products will deliver the repaired or replacement part or parts to the site free of charge, but will not be responsible for labor or the labor costs of replacement. Warranty claims must be filed within the applicable warranty period and accompanied by a sales order or invoice number.*
