To our valued Business Partners,

We would like to thank you for your continued involvement in our mission to produce and provide beautiful furniture out of recycled materials.

Our passion is manufacturing high quality products that have a lasting positive impact on the environment we live in today and without our great relationships, our passion would never be realized.

As we reach the halfway point in our 40th year in business we want to let you know we plan on continuing our excellence in product manufacturing, customer service and environmental initiatives.

Looking back on our last 39 years in business, we realize our successes are a reflection of our commitment to providing a unique and exceptional customer experience through great products and our incredible employees.

We want to wish you a happy and prosperous 2013.

Best Regards,
Jayhawk Plastics Inc.

Landfill to Landscape

IT'S VERY SIMPLE MATH

ONE = ZERO

21 MILK JUGS = **ONE** POUND OF RECYCLED PLASTIC

3,400 MILK JUGS = **ONE** SIX FOOT PARK BENCH

6,300 MILK JUGS = **ONE** SIX FOOT PICNIC TABLE

ONE CONSCIENTIOUS PERSON = A STEP TOWARD **ZERO** FOOTPRINT

PLEASE BE THE ONE!

Why is Jayhawk Plastics

Leaping the Competition?

INDUSTRY LEADING QUALITY :

Our state of the art manufacturing processes, careful attention to detail and unique engineering expertise are the reasons why there isn't a better material in the world.

Competitive Pricing :

Jayhawk continues to lead the market in highest margins available to its distributors with pricing the competition cannot beat.

FASTEST LEAD TIME :

Our products ship in 5-10 days and often times faster. Our competitors continue to ship in 3-6 weeks because they often experience issues with backorders and inadequate inventory levels. Jayhawk turns your orders into dollars, FAST!

BRAND DISTRIBUTION :

Jayhawk Plastics sells all products exclusively through distribution. We promote, advertise and actively market our products through partnership participation. Distributors are our lifeline to the end user and we stand behind them 365 days a year. Jayhawk only sells through authorized Distributors.

EXCEPTIONAL SERVICE :

Since 1973 Jayhawk has provided world class customer service and sales support which continues to create loyal and long term distributor relationships.

GREEN INITIATIVE :

All of our Recycled Plastic contains 100% Recycled Material and we can prove it.

Why Frog Furnishings?

Jayhawk Plastics Inc. established the Frog Furnishings brand to highlight one of the many product lines they manufacture today. This line is made up of recycled plastic Outdoor Site Furnishings and suggests a commitment to environmental integrity through the manufacturing of benches, tables, receptacles, message centers, Adirondack furniture and many other items. We believe our Frog represents our mission to provide quality, eco-durable products that are good for the environment. Our brand opens the door for some unique marketing opportunities with an ultimate goal of growing your sales by creating a demand in the market for the Frog Furnishings brand. We hope that consumers will associate quality, value, REAL eco-friendliness and quick lead times with our unique brand.

Benefits of Recycled Plastic

1. **Environmentally Friendly :** Jayhawk's Frog Furnishings are good for the environment. Recycled plastic saves trees and reduces landfill usage. Many forms of post customer waste, such as plastic milk jugs, are the main ingredients in our eco-durable, long lasting Recycled Plastic Material. Our Frog symbolizes our efforts to reduce the destruction for our precious forests.
2. **Maintenance - Free :** Jayhawk's Recycled Plastic Material does not need to be sealed, painted or stained and cannot rot. Our proprietary coloring process seals in color and is uniform throughout the material with the introduction of our unique UV Protection Phase and ensures the beauty of the plastic well beyond wood, metal or expanded steel. Our Frog Furnishings are designed to be placed in service and left alone.

Maintenance departments love the ease of Recycled plastics!
3. **Vandal Resistant :** Paint will not bond to the surface and can be easily removed with sand paper or automotive paint thinner.
4. **The Future :** Recycled Plastic Products are becoming the way of the future. Today's demand for Recycled Plastic Site Furnishings is on the rise while furnishings made of traditional materials like wood, metal and expanded steel are on the decline. Adding Frog Furnishings to your park, business or project lets your community know you are taking steps to help preserve our earth's resources.

Mounting Options

Many of Jayhawk's site furnishings are sturdy enough to be placed in service without using an in-ground or surface mount. However, all of our products are designed with easy mounting in mind.

1. In-Ground J-Bolt (PB 1999)

Jayhawk's in-ground mounting kit is simple and effective. Simply attach our solid steel J-Bolts to the bottom of the recycled plastic base, and set the base in concrete, quickcrete or dirt. The J-Bolt's shape makes it impossible to pull out, and the below ground mount is guaranteed to last.

There are 4 in each box.

2. Surface L-Bracket (PB 1008)

Jayhawk's surface mounting kits utilize a unique Poly-L bracket, which is pound for pound as strong as steel. Our Poly-L brackets are recommended for all products with recycled plastic bases. Standard lag screws, Tap-Cons, or rebar can be used to secure the Poly-L bracket to any surface.

There are 2 in each box.

3. Surface U-Bracket (PB 1998)

Our standard U-Brackets are recommended for surface mounting our galvanized frame picnic tables and other items with irregular shaped bases. The galvanized U-Bracket will not rust, and is made to last.

There are 2 in each box.

35

4. In-Ground T-Mount (PB 1997)

Our round trash receptacles can be mounted into the ground with our recycled plastic T-Mount. This heavy duty and maintenance free option allows for the receptacle to sit slightly above the ground.

Lumber

Jayhawk's Recycled Plastic is made from the highest quality recycled material on the market and serves as the backbone for the products in this catalog. Our material is unique in that it is 100% recycled and contains no fillers like saw-dust, which are used to cut costs. Our material is solid all the way through and contains no holes or voids through the center like many of the cheap imitations on the market.

Our product outlasts the competition by far due to the careful attention paid to the cleaning of the material. We are the only manufacturer in the world who takes the product through a 3 part cleaning process in order to maximize the integrity and durability of the product we create.

Additionally, our UV Stabilization Phase protects the color and structure of our product, ensuring the plastic lumber will be maintenance-free for years to come. Custom colors, sizes and lengths available for quantity orders.

CUSTOM - MADE

CUSTOM SIZES

Being the manufacturer of all our products, Jayhawk is in the unique position to create custom sizes for many of our products. Extra long benches are often requested for playing fields. Custom length tables are perfect for large shelters. Let us know if you have a special request and we'll do our best to service you.

CUSTOM COLORS

Jayhawk is able to offer color matching if requested by a customer. This is a great chance for businesses looking to carry branding through their establishment to offer our products in the colors they use. Schools and universities can put on a display of school pride with our vast color selection and custom color options. Quantity orders are generally expected for custom color requests.

CUSTOM ENGRAVING

Custom engraving provides the perfect chance for customers to relay any message they want. This is ideal for memorial and donor bench programs and is very popular with schools and universities. Any logo or artwork saved as a digital file in a vectorized format can be engraved into our plastic. Engraving may add 1-3 weeks to shipping times.

CUSTOM DESIGN

Have a specific design in mind? Work with one of our sales team members to get your idea into a CAD program and see it come to life. Or let one of our designers give you a few unique designs to choose from. Once a design is chosen and finalized, production can begin immediately. Usually, lead times for custom designs are 6 -10 weeks. Custom designs are generally only entertained for unique, large scale projects. They can be the perfect way for schools and businesses to make a strong statement about their identity.

Testimonials

SATISFIED DISTRIBUTOR

"I am extremely pleased with your products and so are my clients. They are extremely durable, yet stylish at the same time. Working with Jayhawk is always a great experience. Your sales and customer service staff are great!"

Jamee, Jayhawk Distributor

NEW ORLEANS

Less than a year after Hurricane Katrina devastated New Orleans, Jayhawk had the opportunity to help one community. Working in conjunction with one of our valued distributors, Jayhawk donated benches and tables to ABC's Extreme Makeover Home Edition. The response from the local community was amazing.

HOME OWNER APPRECIATION

"We love our bench next to our fire pit, and it still looks as good as the day we got it, over four years ago. It has truly stood the test of time."

Jim and Cindy Luers, Nebraska

PARK MANAGERS RAVE

"I am thrilled with the tables and benches that we get from Jayhawk. With tight budgets, I have to watch every dollar that we spend. The recycled plastic from Jayhawk was slightly more to purchase than some lower quality options, but I feel that we have made up that money with savings on maintenance. We have done no maintenance or upkeep thus far, and that saves my department real dollars."

Grant Evans, Senior Park Manager, Shawnee Mission Park
