

KORIKAT INC.

Dog Parks

all dogs look to us for fun!

ABOUT US

Shane Lanier, founder of KorKat, and his company managers have over 36 years of combined experience in playground equipment.

KorKat, named after Shane's two daughters, Korin and Katie, started in 2003. In just a few short years, it has grown to be one of the largest distributors in the country of commercial recreation equipment with a 20,000 square foot warehouse and 4,000 square feet of office space.

Supported by 21 sales reps and four full-time installation crews, KorKat provides much more than successful distribution for customers like you.

PEOPLE, PRODUCTS, PRICES

At KorKat we're serious about having fun! Because in our hearts we're all kids.

With our knowledge, experience, and training, we can assist you by offering several ways to make your future projects safe and a reality:

Planning and budgeting the right physical pieces for your site

Over 36 years of experience in proper grading, installation and maintenance

Financing options - ask about our Lease-to - Own program

Safety first and always - compliance to government and industry's highest standards

Relationship-friendly Customer Service - your play consultants

We represent many of the finest playscape and landscape architecture manufacturers in the industry. You name it - we can meet just about any type of playground, water slides, exercise equipment, safety surfaces, etc. you need for commercial and residential purposes.

our products

Dogs just want to have fun, too! KorKat offers a special product line of playground equipment just for entertaining and exercising your canine friends.

Whether it is for a community park or an open field, these exercise ramps, jumps, tunnels and other stations turn them into a haven for dogs.

Free of their leashes, your furry companions can enjoy themselves with other dogs and with their owners as well, while getting the exercise and mind stimulation they need to keep healthy.

Let your pooches have some doggone fun with dog parks from KorKat.

Leash Time

This Dog Leash Holder provides a place to keep unused leashes off the ground or a place to park your furry friend while getting things ready. It is perfect near picnic table, benches, or entrances to dog parks.

Great when trainers get their dogs to do figure eights where the dog goes over and under with each pass.

Jump Through

Aesthetic and functional! A combination jump and through hole which provides two play opportunities in a single component. The square opening is large enough to accommodate most dogs.

financing

As with any business, we realize that cash is sometimes an issue.

Not any more! With KORKAT's newest LEASE TO OWN PROGRAM, we make it as easy as ever to get your project done now.

Remember, playground projects involve more than just the equipment cost. Items such as installation, surfacing and freight can sometimes drive up the actual cost of the project, but don't worry.

Our LEASE TO OWN PROGRAM will finance 100% of the total project cost, with no money down in most cases. Even better, we are currently offering for a limited time the first 3 months for \$99.00 per month on most projects of any size. As always, all transactions are subject to credit approval.

Camel Hump Climber

This climber provides a challenge for all dogs to walk or run up an incline and descend the other side at their own pace. Great for confidence, endurance and balancing capacity development.

Through the Tunnel

The classic crawl tunnels are one of the most fun of all the activities – as your dog completely disappears from sight for a moment. Yet your dog can still see the exit when he enters the tunnel. The careful arrangement of our tunnels in an S-shape prevents dogs from becoming scared or stopping in what they perceive as a dead end.

Walk the Plank

The Dog Walk Ramp will help build your dog's ability to climb up a ramp and then confidently walk across a narrow elevated surface. Encourage dogs to walk under and weave through the different sections of the Dog Walk Ramp as well.

our promise

We're a company of individuals who still value relationships with customers regardless of project size. If it's important to you, it's important to us. We want your experience with us to be something worthy of your recommendation.

Our management staff has over 36 years of combined playground experience. From helping select the pieces that are right for your preference, location and budget all the way to the time of installation, KORRAT will be with you as a competent advisor and trusted partner.

From grading to set up and even future service of your playground equipment, KORRAT doesn't disappear after the sale. Our team has all the necessary licensing and playground safety certification to maintain your equipment whenever you need it.

Let's Rest

This item provides a place for dogs to take a break while running around in your park or to practice sit and stay commands. Basic grooming can also be done here while the dog takes a rest.

Ultimate K9 Turf

No more worries about your messy mud holes, discolored dead grass and worn out areas. No more harsh gravel surfaces, rough concrete, and asphalt surface that are unpleasant to the paws of our K9 friends. Bringing in the mud from the outside or picking up your K9 Friend from the kennel and find they are covered with mud from head to paws are worries of the past.
